

Concordia Plus DHMO members *Finding a network dentist*

With your Concordia Plus DHMO plan...

You must visit a Concordia Plus network dentist to have coverage for dental services. You can select a different primary dental office each month, and each of your covered dependents can choose a different primary dental office.

And, if you need care from a specialist, your Concordia Plus primary dental office will provide you with a referral.

Our Concordia Plus network dentists will **save you time** by filing claims for you. In addition, because they undergo review through our quality assurance process and routine verification of their credentials, you get the **peace of mind** of knowing you will receive high-quality care with every visit.

To find a network dentist:

- Visit www.UnitedConcordia.com and click on Find a Dentist
- Select the **DHMO Concordia Plus General Dentist network**
- Search by county, city, ZIP code, street address, or dentist or practice name
